

Automatic coffee machine with filter holder

The Italian bar at your home!
Declining the technology of the bar professional machine in a home-made product, you can enjoy all the quality that a good coffee has to possess to give you real moments of pleasure!

Profile

Completely made of 304 stainless steel - even the filter holder and the coffee press - is the homecoming point of the coffee machine's technology.

Adaptability

The strength that makes it unique! Everyone at your house can enjoy the favorite coffee brand! Thanks to an adapters kit, the machine allows you to use almost all the wafers and caps on the market (original and compatible): from Lavazza passing through Illy and Nespresso, to many others in similar sizes.

Grinding

The enthusiast who prefers to use powdered coffee beans or waffles can satisfy this desire thanks to the coffee grinder integrated in the machine body - completely made of 304 stainless steel - which also allows to modify the finesse of grinding and the amount of coffee to be dispensed.

Versatility

The machine can dispense two coffees at the same time allowing you to choose between espresso, medium or long, not excluding the possibility of even flavored coffee, decaffeinated, barley, ginseng, tea and various infusions. The steam delivery for cappuccino and hot water for herbal teas completes the versatility characteristics.

Functions

Nothing was left to chance. The machine allows programming of the timer for turning on and off, setting the user profile and adjusting the steam and coffee temperature; Provides for the setting of water hardness, led illumination, decalcification notice, automatic cleaning and decalcification.

Display
Available with TFT display or touch control

Technical datas

Material:	stainless steel 304 and glass
Product dimensions:	H 460 x W 595 x D 320 mm
Measures of the furniture for flush mounting for fit for frame installation:	H 462 x W 597 x D 322 mm
Measures of the furniture for flush mounting:	H 450 x W 560 x D 322 mm
Appliance weight:	26/32 kg
Package dimensions:	H 550 x W 700 x D 455 mm
Package dimensions drawer:	H 250 x W 600 x D 455 mm
Gross weight:	max 32/38 kg
Water tank:	2,5 l
Freshness keeper beans tank:	350 g
Coffee boiler heating time:	< 2 minutes
Voltage:	220-240 V / 50/60 Hz
Voltage:	110 V/60 Hz on request
Pump pressure:	15/19 bar
Pump consumption:	48 watt
Coffee and steam boiler consumption:	1000 W
Grinder consumption:	100 W
Maximun consumption:	1,1 kW
Energy consumption in a year:	<290 kW/h
Power consumption in standby mode:	<0,3 W
Approvals:	CE - EMC - CB - ROHS
